now in a fourth edition this bestselling introductory textbook remains the cornerstone volume for the study of second language acquisition
sla its chapters have been fully updated and reorganized where appropriate to provide a comprehensive yet accessible overview of the field and its related disciplines to reflect current developments
new sections on using learner corpora semantics and morphosyntax within formal approaches to sla sociocultural approaches gesture priming research and chaos theory have been added
students will also find expanded discussions of heritage language learning bilingualism pragmatics and much more
the redesigned fourth edition of second language acquisition retains the features that students found useful in the current edition but also provides new pedagogical tools that encourage students to reflect upon the experiences of second language learners as with previous editions
discussion questions and problems at the end of each chapter help students apply their knowledge and a glossary defines and reinforces must know terminology
this clearly written comprehensive and current textbook by expert sue gass is the ideal textbook for the introductory sla course in second language studies applied linguistics linguistics tesol and language education programs

this book discusses the role of capital markets and investment banking in nigeria the largest frontier market economy in the world by both population size and gross domestic product offering a systematic framework combining conceptual principles with real practice the book enables the reader to gain useful insight into how capital markets and investment banking work in the real world of a frontier market the book provides a synopsis of the economic attractiveness financial systems intermediation and capital markets as well as the regulatory framework within a frontier market it explores capital raising through equity and underwriting and private equity paying particular attention to putting capital to work on mergers and acquisitions project and infrastructure finance and real estate finance furthermore it analyses asset management pension industry and securities trading in a frontier market the authors use detailed case studies from nigeria to illustrate the operations of investment banking in frontier markets the cases tables and charts serve as useful illustrations of the topics under discussion with the authors combined experience of more than 50 years as economists finance and investment professionals and in executive leadership positions in the financial services industry this book will interest the academic community professionals in the financial industry retail and institutional investors interested in frontier markets development practitioners in international organizations and policy makers including securities and capital market regulators

in our increasingly multilingual modern world understanding how languages beyond the first are acquired and processed at a brain level is essential to design evidence based teaching clinical interventions and language policy written by a team of world leading experts in a wide range of disciplines within cognitive science this handbook provides a comprehensive overview of the study of third and more language acquisition and processing it features 30 approachable chapters covering topics such as multilingual language acquisition education language maintenance and language loss multilingual code switching ageing in the multilingual brain and many more each chapter provides an accessible overview of the state of the art in its topic while offering comprehensive access to the specialized literature through carefully curated citations it also serves as a methodological resource for researchers in the field offering chapters on methods such as case studies corpora artificial language systems or statistical modelling of multilingual data

this book sets a new standard as a work of reference it covers british and irish art in public collections from the beginning of the sixteenth century to the end of the nineteenth and it encompasses nearly 9 000 painters and 90 000 paintings in more than 1 700 separate collections the book includes as well pictures that are now lost some as a consequence of the second world war and others because of de accessioning mostly from 1950 to about 1975 when victorian art was out of fashion by listing many tens of thousands of previously unpublished works including around 13 000 which do not yet have any form of attribution this book becomes a unique and indispensable work of reference one that will transform the study of british and irish painting

this book aims to bridge the gap in investigations into the acquisition of phonology from a multilingual perspective in order to fully understand this process the editors present state of the art research into third language l3 phonology as well as future considerations for this field the individual contributions address limitations apparent in current literature in terms of methodology and scope while offering innovative solutions in the study of conceptualization design and data analysis and novel application of theoretical frameworks to l3 phonology the contributions consist of a number of original studies which attempt to address vital research questions regarding a bilingual advantage for subsequent phonological acquisition the variables that drive phonological transfer at the onset of third language acquisition the l3 developmental path and how l3 phonological acquisition affects existing systems the empirical and theoretical strides made in the study of l3 phonology provided in this volume confirm that it is a promising area of inquiry with a growing potential to provide novel insights into the linguistic and cognitive underpinnings of language

acquisition this book was originally published as a special issue of international journal of multilingualism

in recent years researchers have acknowledged that the study of third language acquisition cannot simply be viewed as an extension of the study of bilingualism and the present volume's authors agree that a point of departure that embraces the unique properties that differentiate L2 acquisition from L3 acquisition is essential. From linguistic, sociological, psychological, educational, and cognitive viewpoints, it has become increasingly apparent that the study of L3 acquisition can provide new evidence to help resolve ongoing debates in these areas of study. This volume uniquely provides a wide-ranging overview of current trends in the study of adult additive multilingualism from formal psycholinguistic and sociolinguistic perspectives, adding new insights into adult multilingual epistemology. This collection includes critical reviews of L3 acquisition in morphosyntax, phonology, and the lexicon, as well as individual studies with unique language pairings including Romance, Germanic, Slavic, and Asian languages.

provides a comprehensive overview of third language acquisition, additive multilingualism in adulthood, an increasingly important subfield of language acquisition.

includes section reviews of recent theological literature.
